Bangalore

Sir,

[illegible] to your kind notice the following observations made on the working of the Corporation of the City of Bangalore and the proposal contained in the statement which is said to have been submitted for the approval of the Govt

[illegible] statements there are posts of the grade of the Asst Commissioners, viz one the personal Assistant to the Commissioner and the other the Revenue Officer of the Corporation who is responsible for the collection of revenues of the corporation and the Health Officer who is charged with the duty of the Health Engineer of the corporation and as per Section of the Act he is in fact the executive officer of the Commissioner in respect of the said grades and duties of such an important character. To do away with a personal assistant who has to do various confidential duties in connection with the papers in respect of establishment like [illegible] cases already pending with the Commissioner and the work of the various sections which is also not a heavy one and to place an Executive Assistant to the Commissioner to work under the Govt Secretariat to the Commissioner to show the work of the various departments after going through before the Council is not really a sound principle. The Asst Engineers grades in the Corporation are now revised to Rs 300-20-500-25-600 and Rs 150-10-200-20-300 and the Executive Engineers grades to Rs 500-25-600-30-750 and Rs 400-25-500-30-650 respectively. There was no reason given in the statement submitted to the Govt for making these changes. The note is nearly three pages which is unnecessary and seems to have been produced to [illegible] purpose. As the Asst Commissioners and Health Officers have only certain duties to perform which do not require much time, they can look after the work of the Executive Engineers also. In a city like Bangalore with a population of [illegible] lakhs the Executive Engineer has a [illegible]

[illegible] as personal assistant [illegible]
but stupidity As a matter of fact all the
[illegible] handful of work and are observed
to be going out as a group to attend meetings
Corporation to make a show, of having much
a way to win the favour of the Council for
better grades and pay, to uplift their favorite
officials, and ignore the innocent hard working office
who have no choice but to suffer the injustice
Added to this the personal assistant is a Treasury
Officer for. which he is paid an allowance of
Rs 50/- and his work is observed to be in the
treasury, for an hour and a half, usually to sign
the Bagpipers warrants/Remittances. In the Madras Corpora
it is the Revenue officer who looks after the
treasury but as it is now proposed the Revenu
officer is to supervise the work of the Asst assistant
without the whole charge of the receipts of the
Corporation. Thus an absurd overlap of the Commissioner and Secretary. In the Commissioners office for
the work of the personal assistant [illegible]
Grade Clerk to the Commissioner whereas [illegible]
the purpose Revising the grade of personal assts
of 500 20-500 is meaningless besides it has
been observed that this group claiming extra
allowances for any work imposed upon the Corpora
whether they actually do or not, at the Madras
their officials are grievously felt as

The two grades of the Asst Revenue officers
Rangers namely are of 150-190, 200-20-350 and
Inspectors allowance fixed for such a grade
is Rs 30/- existing grades not known how it
was been revised to Rs 50/- without any
proper basis. Secondly Wherever There are
Asst officers for Health, Engineering, and Revenue
Departments whether they Inspectors to supervise the work
of all two clerks is also necessary, instead of
the Contemplated Curtailing one or two clerks post and
showing savings to create Rangers post of
Inspectors and it is not in the interest
of Economy or Convenience to have equally responsib
Asst officials Asst of to supervise the work
of 80-90 & 6-12 and thus obviate Asst
the

to the post was said to have been drawn
Rs. 75/- pm also an allowance which is almost equal
to the pay. There are many such irregularities
which would have
would have

As a matter of fact the Previous Council
approved the whole Schedule when proposed to establish
the offices without having a opportunity to go
into it in detail the very same thing though it
was desired by the Govt to be placed before the
Corporation along with the Audit observations, after
being submitted to Govt to obtain approval by inference
immediately on through with the Dreams Compiled as
desireous of a retrenchment committee to cut down
the very existing establishments

It is felt there is no proper work distribution
among the executive and ministerial posts the
only vague answer in the Budget Memorandum may
be increased responsibility, which is meaningless
without proper work sheets as to the functions of
responsibility and the grade and pay should be
in proportion of it and on the Chairman of the
Corporation the Commissioner (hereby seems to have
concluded on verifying the nature of work
and the number of hands working that there
was no need for creating posts or the revising
the grades of existing ones He seems to have
found it sufficient to appoint an Asst Commissioner
to the existing post of Secretary to Civil-
station who would be the Revenue officer,
said ex Abu Bakar was appointed as Revenue
Officer by the Govt

It is painful to narrate that though the
citizens of Bangalore are paying heavily to
the Corporation the amenities provided by it
are so little The actual ...

book registers based on the receipt side of accounts be dispensed with as the Revenue are recoverable by the Creditors. Proposals Statements with revision of grades etc are due to undue influence from the persons in the rank and file must be the personal and where such things are unnecessary or no

6 We are earnestly desired that the Government would take such measures as to study the working of corporation wise obtaining work district Statement from each department showing turned out by each employee during the year and the area introduction of the executive order within the ambit Special enumeration of the Auditor, does not have powers to call for such information and goes out is beyond the scope of his

SUBJECT Schedule of establishment of the Corporation of Bangalore

With reference to your letter No A 1-3240/50-51 dated 11th July 1950 on the above subject, I am directed to state that the proposition statement has been sent only in respect of appointments which come under the purview of Section 84 of the City of Bangalore Municipal Corporation Act and of posts whose minimum is more than Rs 100/- As regards the remaining fiftythree posts the pay of which is proposed to be revised by conversion, no proposition statement is sent although the maximum monthly salary exceeds Rs.100/- in each case According to Art 87 of the Mysore Service Regulation, an appointment the pay of which is changed has to be treated as a new appointment Conversion implies abolition of the old posts and creation of the new ones in the revised grade in their stead. As such these appointments are also required to be included in the proposition statement under the proviso to section 90 of the Act.

The schedule of establishment furnished under section 90 of the Act should be accompanied by allocation statements fixing the pay of several officers against the respective posts and supported by the proposition statements for the entire Corporation establishment in the prescribed form to facilitate verification in respect the following items -

1) that the sanctioned posts have been shown correctly in the

'present scale'.

2) that the proposed scale is in accordance with the resolution of the Corporation,

3) that the average cost and the extra cost or savings worked out in each case is correct, and

4) that the initial pay fixed is in ~~fix~~ accordance with the rules of the Mysore Service Regulation

~~&~~

As this is the first establishment statement that is prepared after the amalgamation of the two Municipalities into a Corporation, a proposition/statement may be arranged to be sent in the prescribed form including therein all appointments whether revised or not in the various branches of the Corporation as per existing sanctions arranged according to budget heads, to enable Government to know exactly what constitutes the entire Corporation establishment and to serve as a basis for audit, and also for considering any changes that may be considered necessary from time to time.

Subject - SCHEDULE OF ESTABLISHMENT ETC , OF THE CORPORATION OF BANGALORE

Adverting to Government letter No L 7853 dated 8-11-1950, I enclose herewith 3 copies of the Schedule of Establishment, Proposition and Allocation Statements together with copies of the resolutions of the Corporation sanctioning the same with effect from 1-4-1950 The statements have been prepared in the prescribed form furnishing therein all the points required by the Government in the above quoted referenc The Proposition statements have also been verified unofficially by the Audit Section The average extra cost work s out to Rs 3,735-11-0 per mensem as detailed below and provision has been made in the Budget for 1951-52 based on these statements -

As per existing scale per mensem	Rs 1,36,190- 3-0
As per proposed scale per mensem	Rs 1,39,925-14-0
Net extra cost per mensem	Rs 3,735-11-0

In this connection, I write to state that out of 1946 employees excluding Sweepers and Scavengers, 3 posts ar new creations and 50 posts involve change of grade, the maximum monthly salary of which is above Rs 100/- These

These 50 posts are existing posts, whose grades have been changed owing to increased duties and responsibilities etc but these are not, posts which are created afresh There is no definition of the term 'New Office' in the Act The term 'New Office' has been defined in the Corporation Acts of Hyderabad and Poona and in the absence of a similar provision in the Bangalore Corporation Act, only posts which have been created afresh will have to be treated as 'New Office' The Municipal Advocate has also furnished his opinion saying that the change of salary of any existing appointment does not require the sanction of Government under the provisions of the Act However, I have submitted the entire Schedule together with the Proposition and Allocation statements as desired by the Government for according necessary sanction, this being the first Schedule and will have to serve as a basis for future changes when considered necessary

A separate allocation statement will be sent to Governmen for sanction in respect of the Revenue Officer and his Assistants after approval by the Corporation as the same is pending before the Corporation

Common knowledge that a programme of regrouping or merger of isolated areas should make for administrative efficiency and economy due to a unified control and avoidance of overlapping. But the present proposals (the corporation Council as also a merger) seems counter to this and involving as it does, an additional expenditure of "50 lacs per annum (annual Rs 76,240/-)

25) The corporation staff under the schedule would almost be composed of the same personnel which were borne on the establishment list of the B'lore city municipality and the Municipal Commission, civil station the scales of pay of the municipal staff both in the city and the civil area have been upgraded under the General Revision sanctioned with effect from 1.1.1967 so soon after this general revision, the pay of some of these appointments are proposed to be further enhanced in the Schedule from 1.4.1950 making Capital of the opportunity presenting on the formation of the Corporation

26) As regards the Second consideration only the higher scales prevailing in Madras, it may be pointed out that in the Madras Corporation has been in

existence for three decades or more and has attained a position of stability in regard to both the working and finance The people of the Madras corporation according to the budget estimates for 1950-51 are Rs 2,65,66,080/- under the Revenue head and Rs 1,26.93,150/- under the Capital head, making a total of Rs 3,92,59,250/-; and it is probable that the people might have registered a further increase during the current year The finances of our Corporation falls far short of even a crore and the comparison in the circumstances can hardly bear scrutiny. The Madras Corporation, in addition to the normal functions has assumed responsibility for the maintenance of several activities undertakings and the activities are thus diverse and manifold The set up of the office has therefore been designed to suit its own pattern and the different local conditions of our Corporation may not warrant the Madras example being copied, except for purposes of economy

14) The existing posts in respect of which no change of pay is proposed call for no special remarks In regard to the other posts to enable a proper appreciation of the position and suitable

2) It is true that the Schedule now sent results in an increase of about Rs 76 000/- p.a The increase is almost entirely due to increase in cost of the Health & Engineering Services which require Rs 3422-11-0 & Rs 3000-0-0 p.m respectively extra after revision Even this increase is due to employment of addl

36) Here Bangalore Corporation has prepared a Schedule of cost for 3708 employees in all of these 1045 are in Superior Service 2304 in Inferior Service and 359 are Sanitary Coolies

employed on a monthly pay The Madras Corporation had a total Strength of (14,167) on its establishment during 1950 51 This was made up of 2592 persons of the Superior estt 1293 persons belonging to estt other than Superior & 10,282 coolies including those on daily wages The Bangalore Corporation has an income of about Rs 80 lakhs per annum while the income of Madras Corporation is about Rs 205 lakhs It will be seen that the total Strength of Superior estt in B'lore Corporation is just about 40 % of the Strength in Madras The income of B'lore Corporation is also about 40% of that of Madras Corporation

37) The Strength of inferior estt in B'lore is no doubt very large when compared with that in Madras but it is likely that most of the catepores shown as coming under Inferior Estt in B'lore are included under coolies in Madras The bulk of the Inferior Estt in Bangalore Consists of those working in the Health Dept (Sweepers

In Madras the Sweepers, Scavengers etc are not shown under Inferior estt but under Labour If the I Sweepers, etc included under Inferior Estt in Bangalore are omitted there will be only 501 persons on the Inferior estt as compared with 1293 in Madras the Strength in Bangalore is thus less than 40% of that in Madras Hence the Strength of estt in Bangalore is not at all excessive ~~but has regards income~~ ~~population~~. when compared with the Strength of estt in Madras, as the income & population of B'lore justify ~~estt~~ ~~least 40%~~ the Strength of estt in B'lore being at least 40% of the Strength in Madras

In Madras the expenditure on Superior & Inferior estt (excluding Labour) is Rs 33 44 lakhs per annum In Bangalore the cost of estt included in the Schedule (inclusive of Sweepers & Scavengers who are shown under Labour in Madras) is Rs 16 62 lakhs per annum If the cost of Sweepers & Scavengers viz Rs 4 60 lakhs per annum is omitted the cost of Superior & Inferior estt will be only Rs 12 02 lakhs per annum This is less than 40% of the expenditure on similar estt in Madras while the income of B'lore Corporation is just 40% of the income of Madras Corp. The expenditure on estt works out to 15% of the income in B'lore while it is 16.5% in Madras

Subject - SCHEDULE OF ESTABLISHMENT OF THE CORPORATION OF BANGALORE.

I invite a kind reference to rule 7 of the Municipal Corporation of the City of Bangalore (Transitional Provisions) Order, 1949 As stated in the proviso to the rule, a schedule of establishment of the various departments of the Corporation of Bangalore was laid before the Standing Committee (Taxation and Finance) at its meeting held on the 22nd March 1950 as required by section 90 of the Corporation Act The Committee after having had four sittings approved the schedule subject to certain amendments - vide copy of the recommendations enclosed. The schedule with the recommendations was placed before the meeting of the Corporation at its meeting held on the 8th May 1950 and it was approved with slight modifications - vide copy of the Resolution enclosed

2. The schedule may be considered to consist roughly of three parts - (1) appointments which come under the purview of section 84 of the Act whose salary and allowance shall be fixed by the Corporation subject to the sanction of the Government and every such appointment shall be subject to confirmation by the Government Under this category

category will come the Health Officer, Corporation Engineer and Revenue Officer, (2) appointments which come under the proviso to section 90 of the Act, the creation of which involves the sanction of the Government viz , the two Assistant Revenue Officers, whose monthly maximum salary exceeds one hundred rupees. (3) other appointments which are covered by section 90 of the Act. The last two categories of the establishment except creation of new posts do not require the sanction of the Government It may be stated in this connection that the strength and cadre of this part of the establishment as existed in both the Municipalities prior to the formation of the Corporation and whose allocation statements were already approved by the Government independently, are proposed to be continued as such with slight modifications as indicated in the recommendation of the Standing Committee and the resolution of the Corporation. A list showing such slight modifications is enclosed . A copy of the note on the schedule of the establishment placed before the Standing Committee is also enclosed and it will clearly explain the necessity for either creating the new posts or converting the existing posts into those of a higher grade

3 As the Standing Committee and the Corporation have taken very great pains to scrutinise the schedule of establishment before approval, I request that the Government may be pleased to approve the posts of the officers coming under part I and the two appointments of the Assistant Revenue Officers newly created as detailed in para 2 above

Forwarded with compliments

Yours faithfully,

Commissioner,
Corporation of the City of Ba

RESOLUTION PASSED AT THE ADJOURNED ORDINARY MEETING OF THE CORPORATION OF THE CITY OF BANGALORE, HELD ON 8TH MAY 1950

Sri Munivenkatappa moved the following resolution -

1 Resolved that the Schedule of Establishment as proposed and recommended by the Taxation and Finance Committee be approved with the following modifications -

(i) That the emoluments payable to the Commissioner shall not exceed Rs 1,200/- permensem exclusive of the conveyance

(ii) That the pay of the Corporation Engineer be fixed in the grade of Rs.800-50-1,000/- plus Conveyance Allowance of Rs.125/- per mensem

(iii) That the pay of the Corporation Health Officer be fixed in grade of Rs 800-50-1,000/- plus Conveyance Allowance of Rs 125/- per mensem

(iv) That instead of 5 Assistant Health Officers in the grade of Rs 200-10-300-20-500 plus Rs 50/- C A each per mensem only 3 be appointed provided the incumbents be Medical Graduates and also possess Public Health qualifications

(v) That the Conveyance Allowance to the Superintendent Octroi, be enhanced to Rs 50/- per mensem

(vi) That the post of the Personal Clerk to the Hon'ble Mayor be converted from Second Division to that of First Division Clerk.

2. It is also resolved that such of the officials lent from the Government, if they are wanted by the Corporation and are agreeable to serve under the terms of the Corporation, be retained

3 It is further resolved that there should be no disparity between the officials of the Corporation of the City area and that of the Civil Station area (including Sub-Overseers of the City area, and Overseers of the Civil Station area) in pay, grade and designation

Sri Anantharaman seconded it

Janab Abdul Latheef said that as already pointed out by him the pay of the Commissioner of the Corporation, should be fixed by the Government and not by the Corporation In the circumstances the resolution as had been proposed would not be in order since the pay of the Commissioner had been reduced to Rs 1,200/- Since the Commissioner had to be appointed by the Government the pay should also be fixed by the Government The pay should be reasonable

The Mayor pointed out that according to the Corporation Act the Commissioner's pay should not exceed Rs 1,4 and since the Corporation was paying the officer from the Corporation funds, they could fix the pay

The Mayor then put the resolution moved by Sri Munivenkatappa to the meeting and it was passed.

Q 1217

Note on the schedule of the establishment of the Corporation.

The Schedule of establishment of the Corporation is present before the Standing Committee (Taxation and Finance) for being recommended to the approval of the Corporation as contemplated in Section 90 of the Corporation Act. It will be seen from the index sheet that the average cost per month will be Rs.1,20,817-5-10 as against the average cost of Rs 1,18,876--4-8 of the establishment of the two Municipalities prior to the 8th December 1949, the difference in increase being Rs 1,941-1-2. Regarding the clerks viz , I and II Divisions, Overseers, Sanitary Inspectors, Tax Inspectors, Bill Collectors, peons etc., there are no variations as the salaries and emoluments approved by the Government in the various allocation statements have been adopted in general. In specific cases where there has been a disparity as between the two scales in the Civil Station and City Municipalities, the favourable one has been adopted to keep uniformity The other noticeable variations are detailed below

General Department

In the old set up the pay and the emoluments of the Commissioner of the City Municipality varied between Rs 1,000/- and Rs.1,200/- as fixed by the Government in the respective grades of the Commissioners. Regarding the Civil Station Municipality only conveyance allowance of Rs.100/- was being given to the President, who was also the executive head of the Municipality. In the present arrangement the pay of the Commissioner is fixed at Rs.1,400/- as per section 13 of the Corporation Act. Regarding the conveyance to him separate action is taken under clause 5 of Part I of Schedule IV of the Act.

With regard to the Personal Assistant to the Commissioner it is proposed to revise the scale from Rs 150-10-200-20-300 plus Rs 50/- Duty allowance to Rs.300-25-500 plus Rs.75/- Duty Allowance as his duties have increased enormously after the advent of the Corporation. Further under the Act the Commissioner is invested with wide powers and unless some of his powers are delegated to his Personal Assistant as is done in other Corporations, the Commissioner will find it very difficult to go on with the day to day administration combined with his daily inspections with the Mayor and other officers. In Madras the pay of the Assistant to the Commissioner who is designated as Deputy Commissioner, is Rs.750-50 1,000/-. Such a grade is not necessary here. In any case an adequate increase in the pay of the Personal Assistant is necessary.

In regard to the Ministerial heads of the office, in the old set-up there were one Head Clerk and two Head Accountants, one for each Municipality. As two Head Accountants are found unnecessary one post is proposed to be retrenched while revising the pay of the retained Head Accountant from Rs 110-8-150 to Rs.170-10-250. This is the grade of the District Sheristadar and such a scale is necessary in view of the onerous duties attached to the post and as he has to supervise the work of 12 clerks. As the General section consists of 24 clerks including typists and the volume of work has enormously grown high, it is proposed to convert the post of the Head Clerk as Manager and revise the pay from Rs.110-8-150 to Rs 150-10-200/20-300. This is extremely necessary in view of the above circumstances and to maintain a sufficient standard of efficiency, as this section is considered to be the Secretariat of the Corporation. In fact the grade proposed corresponding to that of the Superintendent in the Secretariat.

In the set-up of the Civil Station establishment, there was a Secretary in the grade of Rs 300-10-400. This post is proposed to be abolished and in its stead a post called Secretary to Council in the grade of Rs 150-10-200/20-300 is proposed This post is absolutely necessary inasmuch as the Council section has grown of very much importance. There are five Standing Committees, who have got statutory powers similar to those of the Corporation there will be at least three meetings of the Corporation in a month and three meetings of Standing Committees in a week. Agendas have

to be scrutinised, minutes have to be recorded then and there, inspections arranged immediately, abstract of meetings scrutinized and submitted to Mayor without delay. On top of these, separate registers have to be maintained in respect of Corporation and Committee meetings to see that items disposed of by them are given effect to promptly and action taken by the respective departments. Hence a Secretary to do all these necessary work in all of the above circumstances.

In Madras the pay of the Secretary to the Council, is Rs.300 25-500 and this scale is not necessary for the Secretary here as the Corporation is still in infant stage.

In spite of these variations the average cost has not gone up and there is a saving of Rs.10-13-0 per mensem.

Revenue Department.

In the old set-up there was a Revenue Officer in the grade of Rs.150-10-200/20-300 for the City area and the Secretary of the Civil Station was also placed in charge of the Revenue Department in the Civil Station with an allowance of Rs 75/- per mensem plus a conveyance allowance of Rs.75/-. It is now proposed to have a Revenue Officer as this post is statutory - vide section 34 of the Act. Since this officer has to be in charge of the entire Revenue Department and also Octroi, it is necessary to have one in the grade of Rs 500-25-600 which is the grade of the Senior Assistant Commissioner. In Madras the pay of the Revenue Officer is fixed in the grade of Rs 750-50-1,000- Two Assistant Revenue Officers in the grade of Rs.150-10-200/20-300 each are proposed for the City and Civil Station areas. Although the average cost may go up in view of the above proposals it is absolutely necessary as the Revenue Department is the back-bone of the Corporation and an efficient staff is necessary, without which huge arrears would remain uncollected.

Octroi Department.

There were two Superintendents previously, one for each area. The post of one is proposed to be retrenched and the grade of the ~~xxxxx~~ retained Superintendent will also remain the same viz., Rs.150-10-200/20-300. There was only one Assistant Superintendent in the grade of Rs.80-5-100/10-150 and the present proposal is to have two Assistant Superintendents, one for each area. There were two Head Clerks and the post of one Head Clerk is proposed to be retrenched. All these proposals are made in view of the fact that in this department, there will be a fall in the revenue due to abolition of internal octrois. Retrenchment in regard to other posts also have been proposed with the result that there is a downfall in the average cost from Rs.8,709-10-0 to ~~xxxxx~~ Rs.7,342-10-0.

Health Department.

The grade pay of the Health Officer is proposed to be fixed at Rs.750-50-1,000 This was the scale that was in existence in the Civil Station area and there is justification to adopt it for the Health Officer, for the entire Corporation. The conveyance allowance of the Health Officer has already been revised by the Government from Rs.75/- to Rs.125/- per mensem. This is proposed to continue as he has to supervise a far wider area. The pay of the Head Clerk was Rs 60-5-90/6-150 and it is now proposed to fix it at Rs.150-10-200, in view of the onerous ministerial duties now attached to the post Out of the six Assistant Health Officers, it is proposed to fix two Assistant Health Officers in the 2nd Grade viz., Rs 200-10-300-20-500 from the 1st April 1950, as these two people are Medical Graduates with Public Health qualifications The other four Assistant Health Officers will remain in the same grade of 3rd Class Health Officer

One post of Assistant Public Analyst in the scale of Rs.100-5-150 to assist the Public Analyst is also created as a

U.O. No 207/CSA Dated 13th November 1951

In accordance with para 10 of the Local Self Government Department Secretary's letter No 6487 dated 19-9-51 addressed to the Commissioner, Corporation of City of Bangalore, of which a copy has been sent to me, the existing scales of the Proposition Statements have been got verified by the Auditor of the Corporation and the verified statements are enclosed The explanatory notes for variations between the existing and proposed scales since furnished by the Commissioner are also enclosed

2 The remarks of the Auditor in respect of the Proposition Statement of each Department have been attached to the respective Proposition Statements

3 It is noticed that in all the Departments except the Education and Engineering Establishments some posts have been proposed to be abolished If the Proposition Statement is to be given effect to from 1-4-1950 the salary disbursed to the existing incumbents of these posts will have to be recovered In order to avoid this difficulty and to prevent extra expenditure if the proposition is made retroactive, it is for the consideration of Government whether the changes may not be given effect to from the date of the order sanctioning the statement or from some later date by which the proposed abolition of certain posts can be given effect to

An abstract of the existing and proposed cost for the several Departments is furnished below

Corporatio accordance with the proposed scales works out to Rs 16,61,589/- per annum i e to 21 % of the total normal expenditure proposed in the current budget and indeed forms a substantial - - proportion of it

The Allocation Statements have been returned to the Commissioner and their verification will be taken up after orders of Government are passed on the Proposition Statement

Controller

The Secretary to Govt
Lr S G Department)

21) The proposition Statements have been scrutinised by the Controller, State Accounts Department and returned with his Remarks thereon It is calculated that according to these proposals, the expenditure on establishment works out to 21.47% of the total normal expenditure proposed in the current budget and the Controller feels that it indeed forms a substantial proportion of the Revenue

22) The Remarks of the Corporation Auditor in respect of the proposition Statement of each department and the explanatory note of the Commissioner for the proposed change of pay of some of the posts are attached to the respective proposition Statements

23) The most important Reasons

schedule establishment of the corporation, is com

such have weighed for proposing revised
pay in respect of some posts as it is
generally seen are first, the increase of
work and responsibility after the merger
of the city and the rural station area into
a single corporation, especially in the category
of posts involving supervisory duties such
as the P A to the Commissioner, office Head
Heads of sections, etc, and secondly, the
pay of corresponding posts in the Madras
Corporations which carry a much higher pay
than what has been proposed here It
therefore now requires to be examined whether
these reasons are sufficiently strong and
valid to justify the adoption of the
revised scales which the corporation has
proposed having regard to the enhancement
of the scale pay, sanctions prior to the
formation of the corporation and also our
own local conditions

2) It is however seen that a number
new posts are being created for the
corporation services which are separate
statement listing all such additional posts
separately is not furnished desirable that
it may be done this has an effect results
in the work being distributed over a
larger number of the hardly any room
for any additions are thereafter may
be assigned to complain of shoulders
are unduly heavy duties It

for which sanction of Government is not considered necessary The Commissioner has sent one proposition statement in respect of posts whose minimum is more than Rs 100/- and another statement which is merely a list, showing the revision of pay by conversion in respect of some 53 posts although the maximum monthly salary exceeds Rs 100/- in each case The proposition statement has not been sent in the latter case and the Auditor, Bangalore City Corporation reports to me that for not doing so it is contended by them that the proposal involves only conversion of appointments from one grade to another and not creation of new posts une Section 90 of the Act But the City Corporation Auditor has held the view and , rightly I believe, tha according to Article 87 of Mysore Service Regulation and appointment the pay of which is changed, has to be treated as a new appointment Conversion implies abolition of the old posts and creation of the new ones in the revised grade in their stead and as such these appointments should also be included in the proposition statement

9) The schedule of Establishment furnished under Section 90 of the Act should be accompanied by alloc tion statements fixing the pay of several officers both Gazetted and non-gazetted against the respectiv posts and supported by the propositidn statements fo the entire corporation establishment in the prescrib form to facilitate verification in respect of the following items

i) that the sanctioned posts have been shown correctly in the "present scale"

ii) that the "proposed scale" is in accordance w the

Serial No

the resolutions of the Corporation,

iii) that the average cost and extra cost or savings worked out in each case is correct

iv) that initial pay fixed is in accordance with the rules in the Mysore Service Regulations

(10) Further, specific orders of Government are also necessary for clarifying the position as to whether the corporation under Section 90 of the Act, (i) can start new entrants to Corporation service on pay higher than the minimum, (ii) fix initial pay of officials (already in service) other than under the provisions of Mysore Service Regulations (iii) grant advance increments to any extent to the officials of the Corporation, (iv) sanction duty, conveyance and other allowances, and fees to officers or officials in addition to basic salary fixed in each case (v) whether the above powers can be exercised irrespective of the fact whether such appointments have been - sanctioned by Government or by themselves

(11) As this is the first Establishment statement that is prepared after the amalgamation of the two Municipalities into a City Corporation, the - Commissioner of the Corporation may be requested to send a proposition statement in the prescribed form including therein all the appointments - (whether revised or not) in the various branches of the Corporation as per existing sanctions, arranged according to Budget heads, to enable Government to know exactly what constitutes th
